Root Grafts Made to Order.

The Secret of success among many buyers of root grafts, is that they realize the importance of getting them of a firm who has an established reputation for furnishing grafts that will grow, as well as be true to name, without this favorable start you are handicapped. If a long experience, maturing yearly into an increased business until its volume is second to none, is worthy of note, we claim your attention. Get our prices on our regular Commercial grades or any special graft that might suit your wants or fancy.

FRUIT TREE STOCKS.

We are still able to offer a good strong grade of No. 1 and No. 2 apple seedlings at reasonable prices. We have also to offer a full line of imported fruit tree stocks.

Our Prices are Reasonable, Varieties Consistent, Grade Excellent, Age two years.

IMPORTANT.—Do you appreciate the importance of the location of St. Joseph, Mo., as a shipping point? Not only on account of its central location but more especially because of its being a Missouri river terminal making a great saving in tariff rates over all inland towns far and near, in whatever direction and whether with or without competing lines.

THE PRACTICAL NURSERYMAN.

PUBLICATION OFFICE:

HUNTSVILLE,

ALABAMA.

W. F. HEIKES, Editor and Manager.

Issued Monthly. Sent only to those in the trade. We do not solicit subscriptions. If you value THE PRACTICAL NURSERYMAN, please accept it with our compliments. Our circulation covers a list of 1,500 selected names of customers and correspondents, made up through many years of active wholesale business. Every name represents a buyer of nursery stock, and this list contains only the names of those who buy at wholesale.

Advertisements 10c. a line agate; \$20.00 a page; one-half page \$10.00; one-fourth page \$5.00. Advertisements must be handed in one week before the day of publication. Advertisements for less than \$5.00 will not be accepted. Discounts: 3 times 5 per cent.; 6 times 10 per cent.; 12 times 25 per cent.

The circulation of this Journal will be confined strictly to Nurserymen, Florists and Seedsmen, and only invited advertisements of articles pertaining specially to these trades will be inserted.

An Apology to Kieffer Pear.

The "Rural New Yorker" is one of the most practical of papers, yet it occasionally drops into poetry, of which the following is a sample. It ought also to apologize to old Peter Kieffer for the persistent misspelling of his name. We have taken the liberty to correct this error:

AN APOLOGY TO KIEFFER PEAR.

Oh, Kieffer, I apologize for all the words I've said.
I take back every name I've hurled at your devoted head.
I only knew the way you taste when eaten out of hand,
I hadn't had the privilege of eating you when canned.
I think 'twas Brother Packard—he who called you "Business Pear,"
Sent me a peck of Kieffers—they were lovely, I declare,
With yellow face and crimson cheek—believe me when I say
I took one bite—it was enough—I threw the rest away.
But Madame gathered up the fruit—as is her wont to do.
She washed and pared and cored and sliced, and put them in a stew.

She sugared it with liberal hand to suit her cultured taste,
And in her calm, methodic way, without unseemly haste,
She canned and sealed her ensilage, and laid it safe away,
Then brought it out to garnish forth our feast on New Year's Day.
Oh, Kieffer, I apologize! Mere words are mean and small,
And Rural lines are all too short for me to tell it all.
The odor of long summer days—the dream-days of the South,
The flavor of a thousand sweets seemed melting in my mouth.
Go brag and sing of other fruits from quince to eau de vie,
A dish of Kieffer ensilage is good enough for me.—Florida Farmer and Fruit Grower.

The American Association of Nurserymen.

The next annual meeting of this association will be held at the Sherman House, Chicago, on June 10th and 11th. This is the most central point for these meetings, and the attendance has always been larger at the conventions held in Chicago than elsewhere. So much so that many members would favor the plan of holding the meetings there annually. The payment of the annual fee of two dollars constitutes any nurseryman a member. If any one has not already sent in his membership fee, it should be remitted at once to the Secretary, Mr. George C. Seager, Rochester, N. Y. Let every nurseryman make it a point to attend these annual conventions. It is a social recreation and rest much needed, and the friendships formed are a source of pleasure and profit, and of grateful remembrance from year to year.

The Red June Plum.

PROF. BAILEY, of Cornell, regards Red June as the best early Japan plum he has seen. It ripens in Ithaca about August 1. Luther Burbank says that it is a splendid Market plum. President Berckmans says that there will be a big demand for Red June.

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

THE HUNTSVILLE WHOLESALE NURSERIES

We do not print quotations this month. We wish an opportunity to correspond with those in need of stock we offer. We intend to make some special inducements to draw trade our way.

Mr. Heikes expects to be present at the meeting of the American Nurserymen's Association, which will convene at the Sherman House, Chicago, on June 10th and 11th. He expects to reach there on the morning of the 9th inst. There are always quite a number who make it a point to get to the place of meeting a day in advance of the organization. It is a good time to meet old friends and to make new acquaintances, free from the obligations to which we are dutifully bound during the sessions.

Our branch nurseries at Biloxi, Miss., were incorporated on the 15th ult. and will be known as the Heikes-Biloxi Nurseries Company. The Capital Stock is \$20,000 full paid up. The Stockholders are made up of those intimately connected with the business, namely: Jessie S. Moss, W. F. Heikes, Milton Moss and James Brodie, Jessie S. Moss being the principal stockholder. The Heikes-Biloxi Nurseries Co. will be devoted specially to the propagation of Field Grown Roses upon their own roots; but Pears, Plums, Mulberries, Figs and improved sorts of Pecans will be grown largely. They have over 200,000 Roses for sale for the Fall of 1896 and Spring of 1897. There is a mother block of 30,000 Roses set apart solely for the production of wood for propagation. There is a grand sight to behold in blooming time.

The Heikes-Biloxi Nurseries Co. have a few two-year-old Improved Russian Mulberry trees, named Barnes, Griesa and Rutledge, at \$1.00 each. They are a decided acquisition. Also a few hundred improved sorts of the Pecan, grafted and budded, mostly the Russell and Stuart, both fine paper shells. Price with 300 or more other trees or plants, \$1.00 each, alone \$2.50 each. The Russell paper shell is a variety well known in Ocean Springs, Miss., as the largest nut with the thinnest shell. They bear early when grafted or budded.

We have a fine stock of Red June and Wickson Plums, one year, for Fall and Spring use. The Red June promises to be the great early market plum among the Japanese sorts.

The Milton Plum is decidedly earlier than Wild Goose, and equal to it in every other respect. This is a good sort for market men to plant and for agents to handle.

The Koonce is growing in demand as it becomes better known. It is earlier than Early Harvest, and has been well tested in market orchards in Southern Illinois. We can supply one and two year old trees for Fall.

The Canner's Japan is not a good pear to eat; but it is so prolific and so beautiful on the tree and makes such good preserves that everybody who has a tree is glad of it. The tree is very hardy and bears in unfavorable seasons when other sorts do not.

THE TRIUMPH PEACH.—The colorotype of the Triumph Peach, given in the April number of the PRACTICAL NURSERYMAN, is a faithful likeness of this famous sort. We have a large stock of these trees for sale the coming Fall and Winter; the proceeds of a budding of over 30,000. Prices: Any size desired, \$8.00 per 100; \$75.00 per 1,000. The J. Horace McFarland Company Harrisburg, Pa., have colorotypes of it for sale.

UNSOLICITED COMMENDATIONS.

KANSAS, April 13th, 1896.—"Cherry trees have been received in good condition."

IOWA, April 13th, 1896.—"The trees arrived on the 10th in good order."

IOWA, April 12, 1896.—"The two boxes of cherry trees arrived on the 10th in good order."

MISSOURI, April 9th, 1896.—"The trees are giving good satisfaction."

MINNESOTA, April 13th, 1896.—"The roses are in fine shape with nice roots."

CONNECTICUT, April 13th, 1896.—"Boxes came latter part of last week; are a good lot of trees."

WISCONSIN, April 20th, 1896.—"Your stock came a few days ago. Was in good condition and dormant."

NEW JERSEY, April 17th, 1896.—"Opened one box of Kieffer this morning. Never saw nicer trees. I have had eleven years' experience in selling. I never saw finer roots on such large trees. Everybody well pleased."

PRICES.**PEACH TREES--On Peach, Leading Varieties**

Our Peach Trees are budded on seedlings, grown from Tennessee and Alabama pits. They are free from Aphis or Root-Knots, and have fewer borers than those from most nurseries.

Grown from cuttings. Price of boxes or bales to be added. Delivered at depot at Biloxi. Orders sent in by Northern customers for Spring delivery, we will pay freight to St. Louis, and hold in cold storage there until wanted. The No. 1 plants will have three or more branches and will be cut back to 30 or 36 inches. The roots are very fine.

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred. Orders requiring 300 trees or more, and not less than 10 of a variety, will be filled at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows: Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment, to responsible,

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent. per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add ¼ of one cent, to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us, and without our orders for their disposition.
